

Michal Kuderski

(630) 828-3189 | mkuderski21@gmail.com | [Portfolio](#) | [LinkedIn](#)

Data Analyst with a **B.S. in Statistics** at **Northern Illinois University** and hands-on experience in **data extraction, processing, and statistical analysis of healthcare claims data**. Demonstrated ability to build **reporting dashboards, conduct quality improvement analysis, and communicate findings** clearly to both technical and non-technical audiences. Leveraging skills in **complex claims data processing and statistical analysis** to target roles in **healthcare analytics, healthcare supply chain management (HSCM), and data-driven operations**. Committed to using data to improve quality of care, lower cost of care, and strengthen organizational decision-making.

EDUCATION

- ❖ **B.S. in Statistics** | Northern Illinois University – DeKalb, IL
- ❖ Minors: Mathematics & Geography | Honors Program | Statistics & Actuary Club | American Meteorological Society | NIU Tennis Club
- ❖ **Relevant Coursework:** Design & Analysis of Experiments (SAS), Regression Analysis, Statistical Inference

TECHNICAL SKILLS

- ❖ **Healthcare & Claims Data:** CMS Billing Claims, HCPCS Coding, Medicare Reimbursement Structure, Cost-per-Beneficiary KPIs, Provider Outlier Detection, HSCM Data, ICD-10/ICD-9, EHR/EMR Systems, and Data Governance
- ❖ **Databases & Tools:** SQL (PostgreSQL), Relational Database Design, Excel (Advanced – Pivot Tables, Advanced Formulas), Python, R (RStudio), SAS
- ❖ **Analysis:** Predictive Modeling (cost/utilization forecasting), A/B Testing (quality improvement initiatives), Hypothesis Testing, Quality Improvement, Process Improvement
- ❖ **Languages:** English (Native), Polish (Fluent)

CERTIFICATIONS

- ❖ **Meta Data Analyst with GenAI** – Coursera | **Intermediate SQL** – DataCamp | **Data Analysis in Excel** – DataCamp | **Quantium Data Analytics** – Forage | **Career Skills in Data Analytics** – LinkedIn Learning

HEALTHCARE ANALYTICS EXPERIENCE

- ❖ **Healthcare Analytics – Medicare Provider Spending Analysis** | SQL, Excel | Jan – Mar 2026
 - **Extracted, collected, and processed 2,460 CMS Medicare billing claims** for Illinois psychiatry providers, simulating a data analyst workflow for a community mental health organization.
 - Designed and implemented a **normalized relational PostgreSQL database to host claims data**, architecting **six complex analytical queries** (using CTEs/Window Functions) that efficiently surfaced specialty spending, provider outliers, and cost-efficiency variation.
 - Calculated **quality improvement KPIs** – cost per beneficiary, average Medicare payment per service, spending by specialty – and identified **provider outliers** and high-cost procedure codes.
 - Modeled proprietary **CMS reimbursement logic** to reconcile **submitted charges against allowed payments**, ensuring billing accuracy and providing a framework for **identifying revenue leakage in HSCM operations**.
 - Delivered an **executive Excel dashboard** with **pivot table, conditional formatting**, and a **KPI summary sheet** for leadership review.

ADDITIONAL PROJECTS

- ❖ **Retail Analytics – Quantum Data Analytics Simulation** | R | Apr – Jun 2025
 - Analyzed **50K+ transaction records**; conducted uplift testing identifying **\$200K+ revenue growth opportunities**; delivered prioritized recommendations to management.
- ❖ **Behavioral Data Analysis – Predicting Academic Outcomes** | R | Apr 2025
 - Built **Random Forest** classifiers; applied **K-Means clustering** and **regression** to identify behavioral predictors of academic outcomes.

PROFESSIONAL EXPERIENCE

- ❖ **Certified Tennis Instructor** | Naperville Park District | Apr 2025 – Present
 - Delivered structured instruction to youth participants; develop personalized improvement strategies demonstrating **communication, adaptability, and dependability**.
