

Michal Kuderski

(630) 828-3189 | mkuderski21@gmail.com | [Portfolio](#) | [LinkedIn](#)

Data Analyst with a **B.S. in Statistics** from **NIU** and technical expertise in **SQL, Excel, Python, and R**. Experienced in analyzing **CMS Medicare claims** to drive cost-efficiency and developing dashboards for executive decision-making. Identified **\$200K+ revenue opportunities** through retail uplift testing. Proven ability to translate complex data into actionable strategy within healthcare and operational environments.

EDUCATION

- ❖ **B.S. in Statistics, May 2026** | Northern Illinois University – DeKalb, IL
- ❖ Minors: Mathematics & Geography | Honors Program | Statistics & Actuary Club | American Meteorological Society | NIU Tennis Club
- ❖ **Relevant Coursework:** Regression Analysis, Statistical Inference, Design & Analysis of Experiments (SAS)

TECHNICAL SKILLS

- ❖ **Programming & Databases:** Python (Pandas, NumPy, Scikit-learn), R (RStudio), SQL (PostgreSQL), SAS
- ❖ **Machine Learning & Statistics:** Regression Analysis, ANOVA, Hypothesis Testing, Predictive Modeling, Random Forests, K-Means Clustering, Statistical Inference, Feature Engineering
- ❖ **Data Analytics & Visualization:** Excel (Pivot Tables, Advanced Formulas, KPI Dashboards), Exploratory Data Analysis (EDA), Dashboard Reporting, Jupyter Notebook
- ❖ **Healthcare & Business Analytics:** CMS Medicare Claims Data, HCPCS Coding, Provider Outlier Detection, Cost-Efficiency Analysis, Quality Improvement Analytics
- ❖ **Tools & Platforms:** Git, Kaggle, Relational Database Design
- ❖ **AI & Emerging Technologies:** Generative AI Workflows, Prompt Engineering, Foundational Large Language Model (LLM) Applications
- ❖ **Languages:** English (Fluent), Polish (Native)

CERTIFICATIONS

- ❖ **Meta Data Analyst with GenAI** – Coursera | **Intermediate SQL** – DataCamp | **Data Analysis in Excel** – DataCamp | **Quantium Data Analytics** – Forage

PROJECTS

- ❖ **Healthcare Analytics – Medicare Provider Spending Analysis | SQL, Python, Excel | Jan – Mar 2026**
 - Analyzed 2,460 CMS Medicare claims records to evaluate provider spending and cost-efficiency patterns.
 - Built a normalized PostgreSQL database and developed SQL queries using CTEs, subqueries, aggregations, and window functions to identify provider outliers and reimbursement variation.
 - Created KPI dashboards and visual reports to communicate insights supporting quality improvement decisions.
- ❖ **Retail Analytics – Quantum Data Analytics Simulation | R | Apr – Jun 2025**
 - Analyzed 50K+ transaction records and conducted uplift testing identifying \$200K+ in potential revenue opportunities.
 - Delivered data-driven recommendations using customer segmentation and purchasing behavior analysis.
- ❖ **Behavioral Data Analysis – Predicting Academic Outcomes | R | Apr 2025**
 - Built Random Forest predictive models and applied regression, ANOVA, and clustering techniques to analyze behavioral factors associated with academic performance.
 - Performed exploratory data analysis and feature evaluation to improve model interpretation.

PROFESSIONAL EXPERIENCE

- ❖ **Certified Tennis Instructor | Naperville Park District | Apr 2025 – Present**
 - Delivered individualized instruction while managing group sessions requiring communication, adaptability, and organization.
 - Monitored participant progress and adjusted coaching strategies based on performance trends.
